

P SWYOM SANJOG

Mobile App & Web Developer | Python | React Native | Portfolio: [p-swyom-portfolio](#)

pswayamsanjog0@gmail.com | +91 8018072417 | [linkedin.com](#) | [github.com](#)

PROFESSIONAL SUMMARY

Full Stack Software developer with hands-on experience in both web and mobile application development, proficient in HTML, CSS, JavaScript, React Native, MySQL, PostgreSQL, FastAPI, and Supabase. Skilled in designing and building responsive, user-centric applications while efficiently integrating backend services and APIs. Demonstrates strong problem-solving abilities through active participation in competitive coding, hackathons, and open-source contributions. Adept at working in collaborative environments and delivering scalable, high-quality solutions. Seeking an internship opportunity to leverage technical expertise, expand development capabilities, and contribute to innovative, real-world projects within a growth-driven organization.

EDUCATION

Synergy Institute of Engineering & Technology, Dhenkanal

2023 - 2027

Bachelor of Technology, Computer Science & Engineering

Kendriya Vidyalaya no1 , Angul

2021 - 2023

Information Technology, Physics, Chemistry, Mathematics

EXPERIENCE

Web Development Intern (Remote)

[YHills]

Developed and maintained responsive web pages using HTML, CSS, and JavaScript Improved user interface and user experience through structured layouts and styling Collaborated with team members to deliver functional web solutions within deadlines .

Mobile App Development Intern (Remote)

[CodSoft]

Built mobile applications using React Native with focus on performance and usability Integrated APIs and managed backend services using modern development practices Identified and resolved bugs to improve application efficiency and user experience.

ACHIEVEMENTS

- Ranked among the Top 30 participants in the Google Arcade Program
- Secured a position in the Top 6 teams at the GIFT College Hackathon
- Contributed to open-source projects under GirlScript Summer of Code (GSSoC)

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript, Python Frameworks: React Native, FastAPI Databases: MySQL, PostgreSQL,

Supabase Tools: Git, GitHub, VS Code, Figma

Concepts: REST APIs, Responsive Design, Debugging, Version Control

PROJECTS

Responsive Portfolio Website (YHills Internship)

- Built a personal portfolio website using HTML, CSS, and JavaScript
- Implemented responsive design to ensure compatibility across devices
- Showcased projects and skills with clean UI and structured layout

Smart Agriculture App

- Developed a React Native mobile app with real-time data integration using APIs
- Implemented backend services using Supabase for data storage
- Designed UI for farmers with focus on accessibility and usability

HSE (Human, Safety & Environment) Safety App (BPUT Hackathon)

- Created a mobile application to promote workplace safety and hazard awareness
- Included features for reporting issues and accessing safety guidelines
- Emphasized usability and real-time functionality for better safety management
